

THE STATUS OF SOME SPECIES OF *PORELLA* IN HERB. G.

During the preparation of a monograph by the authors on the genus *Porella* L. in India, several specimens of Asian taxa represented in Herb. G. were investigated. A critical study has revealed that the following specimens are referable to taxa indicated in parentheses below.

The authors are grateful to Professor G. Bocquet, Director, Conservatoire et Jardin Botaniques, Geneva, for the loan of specimens and to the Department of Science and Technology (Scientific and Engineering Research Council), Government of India for financial support.
